Brief Description Of Services :

At the Life Center we believe that all of humanity are three part beings.... MIND, BODY, SPIRIT. Each one of these parts are intricately woven together and are designed to be in balance and perfect harmony. It is in the midst of this balance that we experience life and life to the fullest. At the Life Center we have a team of quality professionals who are committed to walking with you on your journey. They are committed to working with all parts of the self for healing. We have multiple modalities, programs, interventions, and services to meet your personal needs. Come check us out today to start your journey!

Our Mission: Nurturing health through integrative care of mind body and spirit.

OUR VISION: By the use of integrative care, Life Center participants will discover how to become free from the bondage that weighs them down, and live out this freedom to their fullest potential, so that they can experience the life God intended for them and share that life with others!
