

Campbell County Resources

Name Of Organization : MedicarePlans.com

Phone No : 8005034714

Email : jennifer@medicareplans.com

Address : 1441 L Street Northwest Washington DC, 20005

Brief Description Of Services :

Medicare covers a broad array of treatment services for those with mental illness and substance abuse disorders, but not without special rules limiting coverage and reimbursements. As a Medicare patient resource center, a part of our mission is to help our senior citizens who are suffering from mental illness or addictions navigate these complicated rules to learn about the benefits and coverage that are readily available to them through their Medicare plan.

Our new comprehensive guide aims to help medicare recipients identify the different types of substance abuse treatments that are covered and not covered, eligibility, and most importantly, state resources for substance abuse treatments.
